

Bring back that beautiful shine.

3M™ Marine Color/Gloss Restorer

Everything that's good about being on the water—the waves, the sun, and the sea air—can also be bad for your boat's finish. Bring it back to its original luster with 3M™ Marine Color/Gloss Restorer. This polish combines an exceptionally fast cutting compound with a rejuvenating finishing material. Resurrect your gelcoat gloss, remove oxidation and stains, and diminish the appearance of scratches, blemishes and fine swirl marks in one easy step. Apply it by hand or with an electric or air-powered machine. Follow it up with Scotchgard™ Marine Liquid Wax or 3M™ Marine Liquid Wax to maintain your newly restored shine.

Fast. Professional. Results.

3M Innovation
