

3M™ ScotchCode™
Wire Marking Identification System

You're in a demanding industry. To be successful, you need a wide range of reliable products designed to effectively manage your daily processes. You need a supplier with a solid understanding of your industry and the technology that drives it. Quite simply, you need 3M. Our Electrical Products Division designs and manufactures a comprehensive line of products that can address your diverse applications. Widely recognized for our innovation, reliability and global corporate strength, 3M has the products and services you need and the name you trust.

3M Wire Marking & Identifying

ScotchCode™ identification systems give you dozens of ways to mark your product. The 3M line includes dispensers, preprinted alphanumeric and colored tape, write-on books and tags, and computerized systems of markers. You have the choice of pressure-sensitive adhesive, self-laminating adhesive or high-bond adhesive—whichever is best for

your needs. Use these products for marking wire and cable of all diameters, distribution panels, repair and replacement parts, wires and hoses in motorized vehicles, terminal strips, motor leads, sub-motor leads, sub-assembly leads, control panels and much more.

Dispensers

ScotchCode™ STD-TAG Dispenser

The patented ScotchCode STD-TAG Dispenser simplifies the process of permanently or temporarily marking wires with ScotchCode wire marker tags. The dispenser allows easy printing of the tag with a permanent marking pen. A built-in blade quickly and neatly cuts the marker. The dispenser also provides a handy platform on which to write, something that's not always readily available in the field.

The STD-TAG dispenser is refillable and designed to hold two cartridges of STD wire marking tags (two different sizes) as well as a ScotchCode SMP Permanent Marking Pen. The tool is rugged and compact. The tags are available in two sizes, STD-101 and STD-102. Applications for both types of tags include identifying wire, cable conduit and tubing as well as bundling wire, cable or any other objects with a circumference which can be handled with a miniature or standard width cable tie.

* This case quantity is 10 sets of: 1 STD-TAG, 1 STD-101, 1 STD-102, and 1 SMP pen.

ScotchCode Write-On Dispensers

These three self-laminating write-on marker dispensers are handy for identifying wire and cable as well as household, automotive, plumbing and sporting equipment.

They are easy to use, refillable and come with an SMP permanent marking pen. The dispenser design provides convenience and protects the die-cut adhesive markers.

Applications:

- **Home use:** VCRs, TVs, cable, stereo components, phones, computers, luggage, satellite installation
- **Do-It-Yourself Home Improvements:** home security, sprinkler systems, sound systems, exterior lighting design
- **Automotive:** plugs, hoses, spark plugs, stereos, car alarms
- **Plumbing:** pipes, hoses, tubes, parts, vents
- **Sporting Equipment:** golf clubs, camping equipment, bags, bats, fishing rods, rackets, bicycles
- **Equipment Identification:** hand and power tools

Features & Benefits

Ergonomically designed dispenser	Markers are easy to use with
Pens and refill rolls sold separately	Reusable
Die-cut markers now in small, medium and large	Provides variety of uses
Resists dirt, oil, heat and moisture	Markers stay clean & dry
Transparent overwrap with self-laminating pressure-sensitive adhesive	Protects printing

ScotchCode™ STD Tape Dispenser

The ScotchCode STD Tape Dispenser is a compact, carry-along dispenser with ten refillable compartments which hold eight-foot rolls of non-smear polyester tape. Used for marking binder groups, wire or cable, the tape's high tack, acrylic adhesive resists solvents, oil and water and adheres firmly to insulation surfaces. An end loop hooks the dispenser easily to a tool pouch or belt. Dispensers can be ordered empty or filled with 10 rolls of either pre-printed numbers 0-9 or NEMA colors.

4

Features & Benefits

Compact Design	Easy to handle
Hangs from a tool belt	Convenient
Provides contamination protection around the wire markers	Markers stay clean & dry
Can be custom filled to meet specific project requirements	No waste
Dispenses only the desired length	Prevents waste
Holds ten rolls of SDR wire marking tape	Compact

ScotchCode SDR Dispenser Refill Rolls

This aggressive adhesive system, combined with the flexible polyester film backing, provides a thin, conformable tape that is durable and will hold up in most industrial electrical applications. The smooth surface of this tape allows dirt and grime to be easily wiped off, providing text legibility even after extended exposure to a build-up of contamination. ScotchCode SDR Wire Marking Tape is available in ten NEMA colors, individual numbers and consecutive numbers, letters and symbols.

The SDR tape can be used for the following applications involving operating temperatures between -40°F (-40°C) to 250°F (121°C):

- Marking all types of wire and cable including power, control, fiber optic, electronic, telecommunications, and instrumentation
- Phase identification on large or small gauge wire or cable
- Identification of terminal blocks, terminal strips, and wire in panel boards or a piece of switchgear
- Automotive applications on tubing, hoses and replacement parts

Books

Features & Benefits

Clearly printed (SPB-specific)	Legible, neat
Wide variety of printed characters	Contains marks for several standard applications
Contains markers for several standard applications	Variety
Single character marker included with each marker for terminal block identification	Convenient

ScotchCode™ SPB Pre-Printed Wire Marker Books

When you need to mark wires quickly, try ScotchCode SPB Pre-printed Wire Marker Books. These handy books, 15 in all, contain printed vinyl coated cloth wire and terminal markers with clearly printed letters, numbers and industry-standard legends. Books for alarm systems and load centers are also available. Each SPB book contains a minimum of 450 marks.

The cover of each SPB book lists the complete contents. On the back is a listing that helps you find the SPB book you need. And, for your convenience, 3M includes a Post-it® note pad with every ScotchCode book.

Computerized Systems

Features & Benefits

Markers are easy to apply	Creates efficiency in the field
Wrap around application is excellent for marking round and flat cables	Able to apply in variety of locations
Transparent legend overwrap protects print	Keeps mark legible
3M software provides user friendly marker design	Marks can be prepared prior to need in field
Fifteen sizes to choose from	Meets most application needs
Excellent for high volume applications	Computerized marking system creates efficiency
Over-wrapped tail	Keeps text clear and legible
Proprietary transparent thermoplastic (HB only)	Creates permanent marks

ScotchCode™ SCS-ASW Software

Wire marker printing is no longer a time-consuming job thanks to the ScotchCode SCS-ASW Computer Sheet Software (version 2.0). Virtually any 3M computer wire marker - high bond or adhesive style - can be printed in a wide variety of sizes. You can also store multiple custom lists using our software. This product runs on most IBM and compatible personal computers, eliminating costly label-making machines. We added features which include on-line help screens, text import capability, single key field entry and a print preview/alignment feature for your convenience.

ScotchCode SCS-AM Adhesive Wire Marker Computer Sheets

3M ScotchCode SCS-AM Adhesive Wire Markers take advantage of electronic word processing to help you "custom" create your markers for all your applications. Each marker has

a clear, self-laminating, wrap-around tail that protects the legend from oil, grease, water, chemicals and other foreign matter. SCS computer sheets are pin-fed, continuous sheets perforated to allow separation on individual rows of markers. The fan-folding provides easy fit in a shirt pocket. Markers are sold by the case.

ScotchCode STS Wire Marker Type-On Sheets

ScotchCode STS Wire Marker Type-On Sheets differ from the SCS computer

sheets in their absence of tractor-feed holes and perforations between sheets. They are packaged to hand-feed into your typewriter, with one-hundred individual one-page sheets per case.

All statements, technical information, and recommendations related to Seller's products are based on information believed to be reliable, but the accuracy or completeness thereof is not guaranteed. Before utilizing the product, the user should determine the suitability of the product for its intended use. The user assumes all risks and liability whatsoever in connection with such use.

Any statements or recommendations of the Seller which are not contained in the Seller's current publications shall have no force or effect unless contained in an agreement signed by an authorized

officer of Seller. The statements contained herein are made in lieu of all warranties, expressed or implied, including but not limited to the implied warranties of merchantability and fitness for a particular purpose which warranties are hereby expressly disclaimed. SELLER SHALL NOT BE LIABLE TO THE USER OR ANY OTHER PERSON UNDER ANY LEGAL THEORY, INCLUDING BUT NOT LIMITED TO NEGLIGENCE OR STRICT LIABILITY, FOR ANY INJURY OR FOR ANY DIRECT OR CONSEQUENTIAL DAMAGES SUSTAINED OR INCURRED BY REASON OF THE USE OF ANY OF THE SELLER'S PRODUCTS THAT WERE DEFECTIVE.
